A technology department staff member will then inspect the device and determine whether this issue is a malfunction or physical damage from an accident or misuse. Marian students are charged an annual \$350 fee. This technology fee is used to support the iPad 1:1 Learning Initiative, including the costs of the physical hardware and protective cases, the cost of apps for the students, the increased Internet bandwidth to support the devices and additional technology personnel needed to maintain such a program.

G. iPad Theft or Loss

Students who leave Marian during the school year must return the iPad and any accessories at the time they leave. The iPad and all accessories including the iPad, the power adapter, the USB lightning cable, and the iPad case should be returned to the assistant principal or technology director. If an individual piece is not returned, the replacement costs are listed below:

- 128 GB Wi-Fi iPad with Apple Care+ Coverage – cost dependent upon specific device lost
- Apple USB to Lightning Charging Cable - \$19.00
- Apple iPad Power Adapter - \$19.00
- Student Marian iPad Case - \$24.00

Should the student not return all components of the iPad, any refunds in tuition will be discounted by the price of the missing component. If an iPad becomes lost or stolen, the student must report this to the technology department as soon as possible. If the device has been stolen, it is strongly recommended to file a report with local law enforcement authorities. The student will be financially responsible for the full cost of the iPad, extended warranty coverage and case.
