

High School Creighton Mini Medical School

Creighton
UNIVERSITY
School of Medicine

January 8th, 2022 | 8:30am – 3:00pm
Check in: 8:00-8:30am

The Creighton Mini-Medical School is an all-day interactive program that includes talks and activities designed to help High School Students explore their interest in careers in healthcare and medicine. The day's activities include workshops on how to examine patients, how to think like a doctor and how to dissect different organs. Parents and guardians are also invited to learn about the process of applying to undergraduate and medical school, and ways to support one's child in this pursuit. Additionally, there will be a Q/A session with current medical school students and staff for attendees and their parents/guardians to ask questions about careers in healthcare and preparations for college and beyond.

Location:

This event will be held at the Creighton University School of Medicine building:
3006 Webster St Omaha, NE 68131

Registration Fee: \$125 Registration* (FREE WITH AVAILABLE SCHOLARSHIPS)

**Participants are eligible for a full-tuition scholarship to cover the total cost (\$125) of the Mini-Medical School Day. To be eligible for scholarship consideration, please email a letter to Jo Walton at jowalton@creighton.edu on school stationary with your name typed on it. The letter must be signed by a school administrator (principal) or a math/science teacher.*

Designed for:

First Generation, Underrepresented, Rural, Native American, and Allies in Diversity and Inclusion .
Grades 9-12
